PAYMENT POLICY

A Mega X Industries Platform

Effective Date: 1 November 2026

Platform: GrubnBite

Legal Entity: Mega X Industries

Company Registration Number: 2025/553024/07

Website: https://grubnbite.com

Contact Email: megaxindustries@gmail.com

1. INTRODUCTION

This Payment Policy governs payments made through the GrubnBite platform, including its website, mobile applications and related services.

GrubnBite is a digital platform developed and operated by Mega X Industries. It enables customers to access food ordering, delivery and other services offered by participating restaurants, merchants and service providers.

This policy explains how payments are processed, which payment methods may be accepted, how charges are calculated, how refunds are handled and how payment disputes are managed.

By using GrubnBite and completing a transaction, you agree to this Payment Policy and the applicable Terms and Conditions.

2. ACCEPTED PAYMENT METHODS

GrubnBite may support one or more of the following payment methods, depending on availability and the payment service providers integrated into the platform:

- Debit and credit cards.
- Instant EFT and electronic bank transfers.

- Approved digital payment services and payment wallets.
- Mobile payment solutions.
- Other payment methods expressly made available on the platform.

The available payment methods will be displayed during checkout.

GrubnBite reserves the right to introduce, suspend or discontinue a payment method where reasonably necessary, including for security, technical, operational or regulatory reasons.

A payment method is not considered available merely because it is listed in this policy. Customers should rely on the options displayed at checkout.

3. PAYMENT PROCESSING

Payments may be processed by third-party payment service providers appointed or approved by Mega X Industries.

When a customer submits an order, the payment provider may authenticate the payment, verify available funds, conduct security checks and confirm whether the transaction has been authorised.

An order may only be confirmed once the required payment authorisation or confirmation has been received, unless the platform expressly provides another payment arrangement.

GrubnBite does not guarantee that every transaction will be successful. Payments may be declined due to insufficient funds, incorrect payment information, bank restrictions, suspected fraud, network interruptions or payment-provider issues.

Customers must follow the payment instructions displayed during checkout.

4. PRICING AND CHARGES

The total amount payable will be displayed before the customer confirms a transaction.

Depending on the service, the total may include:

- Product or food prices.
- Delivery charges.
- Service or platform fees.
- Applicable taxes.
- Booking or reservation charges, where applicable.
- Other clearly disclosed charges associated with the selected service.

Prices may differ between merchants and may change from time to time.

GrubnBite will take reasonable steps to ensure that the customer can review the applicable charges before confirming payment.

No undisclosed charge should be added to a customer's transaction without an appropriate legal basis and disclosure.

5. PAYMENT CONFIRMATION

Customers should retain their transaction reference, order number, payment confirmation or receipt.

A payment notification from a bank or payment provider does not necessarily mean that an order has been accepted by a restaurant or merchant.

Customers should check their GrubnBite order status for confirmation.

Where payment has been received but the order has not been confirmed, customers should contact GrubnBite using the official support email.

6. FAILED, PENDING AND DUPLICATE PAYMENTS

A transaction may sometimes appear as pending or may be debited before the platform receives final confirmation.

In such circumstances:

1 Customers should check their order history before submitting the same order again.
2 Customers should retain proof of payment.
3 Customers should allow reasonable time for the payment provider or bank to update the transaction status.
4 Customers should contact GrubnBite if the payment remains unresolved.

Where a customer is charged more than once for the same transaction, GrubnBite will investigate the matter with the relevant payment provider and arrange an appropriate correction or refund where a duplicate charge is confirmed.

A pending bank authorisation is not necessarily a completed payment. The release of an authorisation hold may depend on the customer's bank or payment provider.

7. REFUNDS AND PAYMENT REVERSALS

Refunds will be assessed in accordance with the GrubnBite Refund and Returns Policy, the applicable service terms and South African consumer-protection legislation.

Refunds may be considered in circumstances including:

- A confirmed duplicate payment.
- An order cancelled where a refund is due.
- A restaurant or merchant being unable to fulfil a paid order.
- A qualifying incorrect, missing or defective order.
- A failed service for which the customer is legally entitled to a refund.
- An unauthorised or incorrectly processed transaction, following investigation.

Where approved, refunds will generally be returned through the original payment method where reasonably possible.

Refund processing times may depend on the bank, card issuer or payment service provider. GrubnBite will not guarantee a specific processing period where it is outside its control.

Nothing in this policy removes or limits any refund rights that customers may have under applicable law.

8. CASH PAYMENTS

Cash payments may be offered for selected orders or services where the platform expressly makes this option available.

Where cash payment is available:

- The customer must pay the stated amount to the authorised delivery partner or service provider.
- Customers should request confirmation of payment where applicable.
- Customers must not pay additional amounts that were not disclosed during checkout or otherwise properly communicated.
- Cash payment may be restricted for certain merchants, locations or services.

GrubnBite may suspend cash payment options where necessary to prevent fraud, protect delivery partners or address operational risks.

9. RESTAURANT AND MERCHANT PAYMENTS

Participating restaurants and merchants may receive payments for fulfilled orders in accordance with their applicable agreements with Mega X Industries.

Merchant payments may be subject to:

- Platform commissions.
- Agreed service fees.
- Payment processing charges.
- Refunds and reversals.
- Disputed transactions.
- Other deductions expressly provided for in the relevant merchant agreement.

The applicable payment schedule, settlement method, commission structure and reconciliation process must be communicated to the merchant through the relevant agreement or platform documentation.

Merchants are responsible for providing accurate banking and payment information.

Mega X Industries may delay a settlement where reasonably necessary to investigate suspected fraud, payment errors, chargebacks or other legitimate disputes. Any such action must be consistent with the applicable agreement and law.

10. DELIVERY PARTNER PAYMENTS

Delivery partners may receive payments for completed deliveries in accordance with their applicable agreements or arrangements with Mega X Industries.

Their earnings may include delivery fees, incentives, bonuses or other agreed amounts.

Payment calculations, deductions, payment schedules and settlement procedures will be communicated through the applicable delivery partner agreement or platform.

Delivery partners must provide accurate payment details and report any payment discrepancies through the designated support channel.

11. SUBSCRIPTIONS AND RECURRING PAYMENTS

If GrubnBite introduces subscriptions, memberships or recurring payment services, the applicable price, billing frequency, renewal conditions and cancellation procedure will be disclosed before the customer subscribes.

Customers authorise recurring payments only where they have expressly agreed to the relevant subscription or billing arrangement.

Customers may cancel subscriptions in accordance with the cancellation terms presented at the time of purchase and applicable law.

Cancellation of a subscription does not automatically reverse payments already properly due for services provided or billing periods already commenced, subject to statutory rights.

12. PAYMENT SECURITY AND FRAUD PREVENTION

Mega X Industries takes reasonable measures to protect payment-related information and reduce the risk of unauthorised transactions.

Customers must:

- Use their own authorised payment methods.
- Keep passwords, PINs, card details and verification codes confidential.
- Avoid sharing banking credentials with anyone claiming to represent GrubnBite.
- Report suspected unauthorised transactions promptly.
- Ensure that their account and contact information remain accurate.

GrubnBite will never require customers to disclose their banking PIN or one-time banking authentication code to customer support.

Payment information may be handled by third-party payment providers. The collection and processing of personal information are also governed by the GrubnBite Privacy Policy and applicable data-protection legislation.

13. CHARGEBACKS AND PAYMENT DISPUTES

Customers who identify an incorrect or disputed transaction should first contact GrubnBite so that the matter can be investigated.

Customers may also contact their bank or payment provider to dispute a transaction in accordance with the provider's procedures.

GrubnBite may request reasonable supporting information, such as:

- Order number.
- Transaction reference.
- Date and amount of payment.
- Proof of payment.
- Description of the disputed transaction.

GrubnBite may investigate disputes with the relevant restaurant, merchant, delivery partner or payment provider.

Nothing in this section prevents customers from exercising their legal rights or contacting their bank, payment provider or relevant regulatory authority.

14. PAYMENT ERRORS AND INCORRECT PRICING

If a technical error, system malfunction or incorrect listing results in an inaccurate payment amount, Mega X Industries will investigate the issue.

Where an incorrect charge is confirmed, the appropriate correction, reversal or refund will be considered in accordance with applicable law.

GrubnBite reserves the right to investigate transactions affected by technical errors or suspected fraudulent activity, while respecting customers' statutory rights.

15. THIRD-PARTY PAYMENT PROVIDERS

GrubnBite may rely on third-party payment processors, banks and financial service providers to facilitate transactions.

These providers may apply their own terms, security procedures, verification requirements and processing times.

Mega X Industries is not responsible for independent banking delays or service interruptions outside its reasonable control. However, this does not exclude any responsibility that Mega X Industries may have under applicable law.

16. TAXES AND FINANCIAL RECORDS

Prices and charges will be presented in accordance with applicable legal requirements.

Where required, invoices, receipts or other transaction records may be issued to customers or merchants.

Restaurants and merchants remain responsible for their own tax obligations arising from their businesses, subject to the applicable agreements and law.

Mega X Industries will fulfil its own tax and financial reporting obligations as required by South African law.

17. LEGAL AND REGULATORY COMPLIANCE

This Payment Policy must be read together with applicable South African legislation, including:

- Consumer Protection Act 68 of 2008.
- Electronic Communications and Transactions Act 25 of 2002.
- Protection of Personal Information Act 4 of 2013.
- Applicable payment-system and financial-sector laws and regulations.

Where this policy conflicts with a mandatory legal requirement, the applicable legal requirement will prevail.

18. POLICY AMENDMENTS

Mega X Industries may update this Payment Policy when necessary to reflect changes in the platform, payment methods, service arrangements, technology or applicable legislation.

The updated policy will be published on the GrubnBite website or made available through the platform.

Continued use of GrubnBite after an updated policy takes effect will be subject to the updated terms, to the extent permitted by law.

19. CONTACT INFORMATION

For payment enquiries, failed transactions, refund questions, duplicate charges or payment disputes, customers and merchants may contact:
