Effective Date: To be confirmed

Version: 1.0

1. INTRODUCTION

GrubnBite is a digital platform developed and operated by Mega X Industries. The platform connects customers with restaurants, grocery stores, delivery partners, rental providers, private chefs and other service providers.

This Cancellation Policy establishes the rules and procedures governing the cancellation of orders, bookings, reservations and services conducted through GrubnBite.

Our objective is to provide a transparent, fair and reliable cancellation process that protects customers, restaurants, merchants, delivery partners and service providers.

This policy must be read together with the GrubnBite Terms and Conditions, Privacy Policy and Refund and Returns Policy.

2. SCOPE OF THE POLICY

This policy applies to the following services available through GrubnBite:

- Restaurant food orders.
- Grocery orders.
- Food delivery services.

- Restaurant table reservations.
- Equipment and event rentals.
- Private chef bookings.
- Other products and services offered through the platform.

Additional cancellation conditions may apply to specific services, provided that they are communicated to customers before confirmation.

3. CUSTOMER CANCELLATION OF FOOD ORDERS

Customers may request cancellation of food orders through the GrubnBite platform. The ability to cancel an order depends on its current processing status.

3.1 Orders Not Yet Accepted

Where a restaurant or merchant has not accepted an order, customers may generally request cancellation. Where the order is cancelled successfully, any payment collected will be refunded in accordance with applicable law and the Refund and Returns Policy.

3.2 Orders Accepted but Not Yet Prepared

Customers may request cancellation after a restaurant has accepted an order but before preparation begins. The restaurant will be contacted to determine whether cancellation can be accommodated.

Cancellation is not guaranteed once the restaurant has begun processing the order.

3.3 Orders Being Prepared

Once food preparation has started, cancellation may be restricted because ingredients, labour and preparation costs may already have been incurred.

Any cancellation charge or refusal of a discretionary cancellation must be lawful, reasonable and consistent with the transaction terms and applicable consumer rights.

3.4 Orders Dispatched for Delivery

Once an order has been dispatched, customers may generally be unable to cancel it as an ordinary change-of-mind request.

However, customers retain any rights arising from non-delivery, incorrect delivery, defective products, unsafe food or other failures under applicable law.

4. GROCERY ORDER CANCELLATIONS

Customers may request cancellation of grocery orders before the merchant begins preparing or assembling the order.

Once picking, packing or dispatch has started, cancellation may be restricted depending on the nature of the products and the costs incurred.

Perishable products, including fresh food, may be subject to specific legal exceptions concerning returns and cooling-off rights.

Nothing in this policy removes statutory consumer rights.

5. RESTAURANT RESERVATION CANCELLATIONS

Customers making restaurant reservations through GrubnBite are responsible for reviewing the cancellation conditions displayed during the booking process.

Where a restaurant reservation is confirmed, customers should cancel through the platform or contact customer support as early as reasonably possible.

Restaurants may establish reasonable reservation conditions, including:

- Cancellation deadlines.
- Deposit requirements.
- Group booking conditions.
- Late cancellation charges.
- No-show conditions.

Such conditions must be communicated before the reservation is confirmed and must comply with applicable law.

Where a restaurant cancels a confirmed reservation, customers will be notified and offered an appropriate remedy where applicable.

6. RENTAL AND EQUIPMENT BOOKING CANCELLATIONS

Customers using GrubnBite to rent equipment, event facilities or other products must review the specific rental agreement before confirming a booking. Cancellation conditions may include:

- Advance cancellation notice.
- Booking deposits.
- Equipment preparation costs.
- Delivery and collection arrangements.
- Reasonable cancellation charges.
- Rescheduling options.

Any applicable cancellation fees must be disclosed before payment and must be lawful and reasonable.

Where a rental provider cancels a confirmed booking or cannot supply the agreed equipment, customers may qualify for a refund or other appropriate remedy.

7. PRIVATE CHEF AND OTHER SERVICE CANCELLATIONS

Private chef bookings and other customised services may involve advance preparation, ingredient purchases, travel arrangements and reserved service capacity.

Customers should review the cancellation conditions before confirming a booking.

Depending on the nature of the service and applicable law, cancellation conditions may include reasonable advance notice and disclosed costs actually incurred.

Where a service provider fails to deliver the agreed service, the customer may qualify for an appropriate remedy.

8. CANCELLATIONS BY RESTAURANTS AND SERVICE PROVIDERS

Restaurants, merchants and service providers may occasionally need to cancel orders or bookings due to circumstances such as:

- Unavailability of products.
- Temporary business closures.
- Operational difficulties.
- Equipment failures.
- Delivery complications.
- Safety concerns.
- Circumstances beyond reasonable control.

Where a restaurant or service provider cancels an accepted transaction, the customer should be notified as soon as reasonably possible.

Where payment has already been collected, the customer will receive an appropriate refund or other legally required remedy.

Customers will not be required to pay for products or services that were not supplied, except where a lawful charge applies.

9. CANCELLATIONS BY DELIVERY PARTNERS

Delivery partners may occasionally be unable to complete an assigned delivery because of unforeseen circumstances, vehicle problems, safety concerns or other operational challenges.

Where a delivery cannot be completed, GrubnBite may arrange an alternative delivery partner or coordinate an appropriate resolution with the restaurant and customer.

Where the order cannot be fulfilled, the customer will be informed and any applicable refund will be processed in accordance with the law.

10. FAILED DELIVERY AND CUSTOMER UNAVAILABILITY

Customers are responsible for providing accurate delivery addresses and contact information, and should remain reasonably available to receive their orders during the agreed delivery period.

Where delivery fails because:

- The customer provided an incorrect address.
- The customer cannot be contacted.
- The customer is unavailable at the delivery location.
- The customer refuses delivery without a valid reason.

GrubnBite and the relevant service provider may assess the appropriate next steps. Reasonable redelivery or other charges may apply where lawful and properly disclosed.

This provision does not apply where the delivery failure is caused by the restaurant, delivery partner or platform.

11. CANCELLATION FEES AND CHARGES

GrubnBite aims to maintain fair cancellation practices. Any cancellation fees must:

1 Be disclosed before the customer completes the transaction.
2 Be reasonable and proportionate to the circumstances.
3 Reflect legitimate costs or contractual obligations where applicable.
4 Comply with the Consumer Protection Act and other relevant legislation.

GrubnBite does not intend to impose arbitrary cancellation penalties or charges that unlawfully restrict consumer rights.

12. REFUNDS FOLLOWING CANCELLATION

Where a cancellation qualifies for a refund, the refund will generally be processed through the original payment method where technically and legally possible.

The time required for funds to reflect may depend on the payment provider and banking institution.

Refunds will be administered in accordance with the GrubnBite Refund and Returns Policy and applicable South African legislation.

Customers should not assume that cancellation automatically results in a full refund in every circumstance. The outcome depends on the transaction, its processing status, the reason for cancellation and applicable statutory rights.

13. HOW TO CANCEL AN ORDER OR BOOKING

Customers should follow these steps:

Step 1: Open the GrubnBite website or application.
Step 2: Navigate to the relevant order or booking.
Step 3: Select the cancellation option, where available.
Step 4: Provide the reason for cancellation.
Step 5: Submit the cancellation request.
Step 6: Wait for confirmation that the cancellation has been processed.

If the cancellation option is unavailable, customers may contact GrubnBite directly.

Cancellation Support Email: megaxindustries@gmail.com

Customers should include their order or booking reference when submitting a cancellation request.

14. ELECTRONIC TRANSACTIONS AND CONSUMER RIGHTS

This policy is subject to applicable South African legislation, including:

Consumer Protection Act 68 of 2008 (CPA)

Provides protections relating to consumer agreements, cancellations, direct marketing, unfair contract terms and consumer remedies.

Electronic Communications and Transactions Act 25 of 2002 (ECTA)

Provides certain protections for electronic transactions, including a cooling-off right for qualifying electronic transactions under section 44, subject to statutory exceptions.

Protection of Personal Information Act 4 of 2013 (POPIA)

Regulates the processing of personal information collected when customers submit cancellation requests or interact with the platform.

Where statutory cancellation or cooling-off rights apply, those rights take precedence over any conflicting provision in this policy.

15. EXCEPTIONAL CIRCUMSTANCES

GrubnBite recognises that unexpected situations may affect the fulfilment of orders and bookings. These may include:

- Severe weather conditions.
- Natural disasters.
- Road closures.
- Public emergencies.
- Security incidents.
- Technical disruptions.
- Other circumstances beyond reasonable operational control.

Where such circumstances arise, GrubnBite will communicate relevant information and work with customers and service providers to identify appropriate solutions.

This provision does not automatically exempt GrubnBite or a service provider from legal responsibilities.

16. MISUSE OF CANCELLATION SERVICES

Customers and service providers must use the cancellation system honestly and responsibly.

Fraudulent cancellation requests, deliberate misuse of payment systems or attempts to manipulate the platform may result in an investigation and proportionate action under the Terms and Conditions.

Legitimate cancellation requests will not be penalised merely because a customer exercises a consumer right.

17. POLICY AMENDMENTS

Mega X Industries reserves the right to update this Cancellation Policy when necessary to reflect operational changes, improvements to GrubnBite or changes in applicable legislation.

The latest version will be published on: https://grubnbite.com

Any amendments will not unlawfully remove rights already available to customers under South African law.
