CUSTOMER COMPLAINTS AND DISPUTE RESOLUTION POLICY

A Mega X Industries Platform

Effective Date: 1 November 2026

Platform: GrubnBite

Legal Entity: Mega X Industries

Company Registration Number: 2025/553024/07

Website: https://grubnbite.com

Contact Email: megaxindustries@gmail.com

1. INTRODUCTION

GrubnBite is committed to providing customers with a reliable, convenient and fair platform for accessing food ordering, delivery and other services.

This Customer Complaints and Dispute Resolution Policy establishes the procedures for submitting, receiving, investigating and resolving complaints relating to the GrubnBite platform and services offered through it.

GrubnBite is developed and operated by Mega X Industries. The platform connects customers with participating restaurants, merchants, delivery partners and other service providers.

We recognise that problems may occasionally occur. These may include delayed deliveries, incorrect orders, missing items, payment issues, poor service, food-quality concerns, cancellations or disagreements between customers and service providers.

Our objective is to address complaints professionally, transparently and within reasonable timeframes.

2. SCOPE OF THIS POLICY

This policy applies to complaints and disputes involving:

- Food orders and deliveries.
- Incorrect, incomplete or missing orders.
- Food quality, packaging and safety concerns.
- Late or unsuccessful deliveries.
- Restaurant and merchant services.
- Delivery partner conduct.
- Payment errors and duplicate transactions.
- Refunds and cancellations.
- Bookings, reservations and other services available through GrubnBite.
- Account access and technical problems.
- Customer service and platform-related concerns.
- Privacy and personal information concerns.

This policy applies to customers using GrubnBite and, where relevant, participating restaurants, merchants and delivery partners.

3. HOW TO SUBMIT A COMPLAINT

Customers may submit complaints through the official GrubnBite contact channel:

Email: megaxindustries@gmail.com
Website: https://grubnbite.com

When submitting a complaint, customers should provide as much relevant information as reasonably possible, including:

1 Full name.
2 Contact details.
3 Order or booking reference number.
4 Date and time of the transaction.
5 Name of the restaurant, merchant or service provider, where applicable.
6 A clear description of the problem.
7 Supporting evidence, where available, such as photographs, receipts or payment confirmations.
8 The resolution being requested.

Customers should avoid including passwords, PINs, one-time banking codes or unnecessary sensitive personal information in complaint submissions.

4. COMPLAINT ACKNOWLEDGEMENT

GrubnBite will make reasonable efforts to acknowledge complaints within two business days of receiving them.

The acknowledgement may confirm:

- That the complaint has been received.
- The complaint reference number, where available.

- Whether additional information is required.
- The expected next steps.

Acknowledgement does not mean that the complaint has been accepted or that a refund or other remedy has been approved.

5. INVESTIGATION PROCESS

Each complaint will be assessed according to its nature, seriousness and available evidence.

Where necessary, GrubnBite may:

- Review the customer's order history.
- Examine payment and transaction records.
- Contact the relevant restaurant or merchant.
- Request information from the delivery partner.
- Review relevant communications.
- Examine photographs, receipts or other supporting evidence.
- Investigate technical or system-related problems.
- Consult the relevant payment service provider.

Customers may be contacted for additional information during the investigation.

All parties involved will be given a reasonable opportunity to provide relevant information where appropriate.

6. COMPLAINT RESOLUTION TIMEFRAMES

GrubnBite aims to resolve ordinary complaints within five to ten business days, where reasonably possible.

More complex complaints may require additional time, particularly where investigations involve banks, payment providers, restaurants, merchants, delivery partners or external authorities.

If a complaint cannot be resolved within the expected timeframe, GrubnBite will make reasonable efforts to inform the customer of the delay and provide an updated timeframe.

Urgent complaints involving possible food safety risks, suspected fraud, personal safety or security incidents will be prioritised.

These timeframes are service targets and do not limit any statutory rights or legally prescribed deadlines.

7. FOOD QUALITY AND FOOD SAFETY COMPLAINTS

Customers should report food-quality or food-safety concerns as soon as reasonably possible.

Examples include:

- Food arriving damaged or contaminated.
- Food appearing spoiled or unsafe.
- Incorrect food items being delivered.
- Missing items or significant differences from the order.

- Packaging being open, damaged or tampered with.
- Suspected allergic-reaction risks caused by incorrect food information or preparation.

Customers should provide photographs and order details where possible.

Where food is suspected to be unsafe, customers should stop consuming it and seek appropriate medical assistance if necessary.

GrubnBite may refer food-safety complaints to the relevant restaurant, merchant or competent authority.

Restaurants and food suppliers remain responsible for complying with applicable food-safety and hygiene requirements. GrubnBite will not treat a complaint involving a potential health or safety risk as an ordinary customer-service issue.

8. DELIVERY-RELATED COMPLAINTS

Customers may submit complaints involving:

- Deliveries that are significantly delayed.
- Orders delivered to the wrong address.
- Missing deliveries.
- Unprofessional or inappropriate delivery partner conduct.
- Damaged orders during transportation.
- Incorrect delivery status updates.
- Unreasonable delivery-related charges.

GrubnBite may review delivery records and contact the relevant delivery partner or merchant to establish what occurred.

Where a delivery failure is confirmed, an appropriate remedy may be considered under the applicable Refund and Returns Policy, Delivery Policy and relevant law.

9. PAYMENT AND REFUND DISPUTES

Complaints involving payment may include:

- Duplicate transactions.
- Unauthorised transactions.
- Incorrect charges.
- Payments made without order confirmation.
- Refunds that have not been received.
- Disagreements concerning cancellation charges.
- Merchant or delivery partner payment discrepancies.

Customers should provide their order number and transaction reference when submitting payment complaints.

Payment complaints will be investigated in accordance with the GrubnBite Payment Policy and Refund and Returns Policy.

Where a payment provider or bank must be involved, resolution may depend partly on that provider's investigation and processing procedures.

Customers retain the right to contact their bank or payment provider directly regarding disputed transactions.

10. COMPLAINTS INVOLVING RESTAURANTS AND MERCHANTS

Where a complaint relates to a restaurant or merchant, GrubnBite may refer the matter to the relevant service provider for investigation.

The restaurant or merchant may be asked to provide:

- Order preparation or fulfilment details.
- Relevant transaction records.
- Evidence relating to the complaint.
- An explanation of the incident.
- Proposed corrective action.

Restaurants and merchants are expected to cooperate reasonably with complaint investigations and comply with their agreements with Mega X Industries.

Where appropriate, GrubnBite may take platform-related action in accordance with the relevant merchant agreement and applicable law.

11. COMPLAINTS INVOLVING DELIVERY PARTNERS

Complaints involving delivery partners will be reviewed fairly and objectively.

Where appropriate, GrubnBite may:

- Request an explanation from the delivery partner.
- Review relevant delivery records.
- Investigate reports of misconduct.
- Request supporting evidence.
- Take corrective or platform-related action where justified.

Serious allegations involving harassment, threats, theft, discrimination, violence or unsafe conduct will be treated with particular seriousness and may be referred to the relevant authorities.

12. POSSIBLE RESOLUTIONS

Depending on the circumstances and applicable law, possible resolutions may include:

- An explanation or clarification.
- An apology.
- Correction of an order or service issue.
- Replacement of an eligible order.
- A full or partial refund.
- Reversal of an incorrect charge.
- A platform credit or voucher, where voluntarily accepted by the customer.

- Referral to the relevant merchant or service provider.
- Corrective action involving a participating service provider.
- Further investigation or escalation.

The resolution will depend on the facts, available evidence, applicable agreements and legal obligations.

A platform credit or voucher will not replace a refund or other statutory remedy where the customer is legally entitled to that remedy.

13. DISPUTE ESCALATION

If a customer is dissatisfied with the outcome of a complaint, they may request an internal review by replying to the original complaint communication or submitting a new email with the original complaint reference.

The escalation should explain:

- Why the customer disagrees with the outcome.
- Which part of the investigation or decision they believe was incorrect.
- Any additional evidence or information they wish to provide.
- The resolution they are seeking.

Where reasonably possible, an escalated complaint will be reviewed by a person who was not primarily responsible for the original decision.

GrubnBite will communicate the outcome of the review and any further available steps.

14. EXTERNAL DISPUTE RESOLUTION AND REGULATORY COMPLAINTS

Customers are not required to exhaust GrubnBite's internal complaint process before exercising legal rights available to them.

Depending on the nature of the complaint, customers may approach the relevant South African body or authority, including:

- National Consumer Commission (NCC): For qualifying consumer-protection complaints.
- Consumer Goods and Services Ombud (CGSO): For eligible consumer disputes within its mandate.
- Information Regulator: For complaints concerning personal information and POPIA.
- Relevant municipal environmental health services: For food-safety and hygiene concerns.
- The customer's bank or payment provider: For payment disputes and unauthorised transactions.
- The relevant law-enforcement authority: For suspected criminal conduct.

Customers may also seek independent legal advice or pursue remedies available through the appropriate courts or dispute-resolution processes.

External bodies have their own jurisdiction, procedures and eligibility requirements.

15. PRIVACY AND CONFIDENTIALITY

Information provided during a complaint investigation will be handled in accordance with the GrubnBite Privacy Policy and the Protection of Personal Information Act 4 of 2013 (POPIA).

Complaint information may be shared with relevant restaurants, merchants, delivery partners, payment providers or authorities where reasonably necessary to investigate and resolve a complaint, meet legal obligations or protect legitimate interests.

GrubnBite will take reasonable steps to protect complaint records and personal information against unauthorised access, use or disclosure.

16. FALSE, ABUSIVE OR FRAUDULENT COMPLAINTS

GrubnBite takes genuine complaints seriously and encourages customers to report problems honestly.

Submitting deliberately false information, fabricating evidence, attempting fraudulent refunds or repeatedly abusing the complaint process may result in an investigation and appropriate action.

Any action taken will be proportionate, consistent with applicable agreements and subject to customers' legal rights.

Customers will not be penalised merely for submitting a genuine complaint or exercising their lawful consumer rights.

17. ACCESSIBILITY AND FAIR TREATMENT

GrubnBite aims to treat all customers fairly, respectfully and without unlawful discrimination.

Customers who require reasonable assistance in submitting a complaint may contact the support email.

Complaints will be assessed based on their circumstances and relevant evidence rather than a customer's background or personal characteristics.

18. RECORD KEEPING

GrubnBite may maintain records of complaints, investigations, communications and resolutions for legitimate business, operational, legal and regulatory purposes.

Records will be retained in accordance with applicable legal requirements and the GrubnBite Privacy Policy.

19. LIMITATION OF THIS POLICY

This policy describes GrubnBite's internal complaint-handling process. It does not remove, restrict or replace any rights or remedies available to customers under South African law.

Where this policy conflicts with a mandatory legal requirement, the applicable legal requirement will prevail.

20. POLICY AMENDMENTS

Mega X Industries may update this policy when necessary to reflect changes in GrubnBite's services, complaint-handling procedures, business operations or applicable legislation.

The latest version will be published on the GrubnBite website or made available through the platform.

21. CONTACT INFORMATION

For complaints, disputes, escalations and customer-support enquiries:

GrubnBite
